VAN BRAGT BROTHERS
1957 Bulb Catalog

1024 LAKEWOOD BLVD. HOLLAND, MICHIGAN

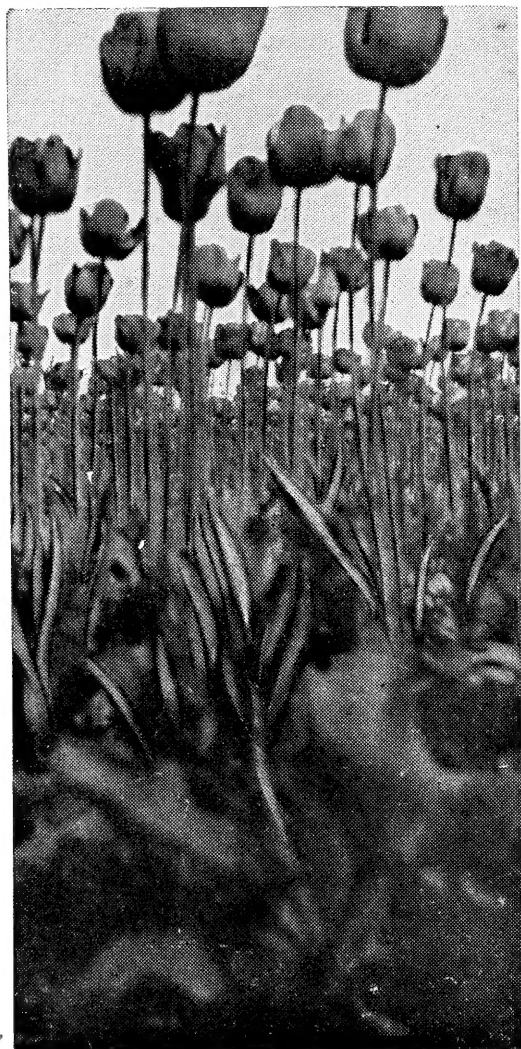

PRICE 25 CENTS

Tulip Time in Holland, Mich.

It is Tulip Time in Holland, Mich., in the month of May. Festivities this year are scheduled for May 15 through May 18. Under normal weather conditions our bulbs should be in bloom from about May 11 through May 26. You are cordially invited and very welcome to visit our display any time during this period. If you wish to make certain, call us (Holland, EXport 6-7888) or drop us a card and we will gladly inform you of the best time to come.

Our 1957 listings represent a sincere effort to catalog both the old favorites and a number of additions. If some of your favorites are not listed here, let us know early. We may have them or be able to obtain them for you.

IMPORTANT TERMS AND CONDITIONS OF SALE

Cash with order or 25% deposit, balance on or before September 15. No. C.O.D. You will be notified in advance of due date and balance due. We suggest that you take advantage of the 10% discount by paying in full at the time of placing the order, before June 30, as stated below.

Because of the greatly increased cost of packing and transportation charges, all orders must include 35c service charge.

Most prices are given in lots of 3, 12 and 100. You may purchase 6 bulbs of any variety at one-half the dozen price; 25 bulbs at one-fourth the 100 price; 50 of any variety at one-half the 100 price.

Planting instructions will be furnished with each order.

Only high-quality, full-size bulbs producing satisfying results will be supplied.

See page 18 for FREE Offer

SAVE 10% BY ORDERING EARLY

Every single bulb is reserved for a particular order. By ordering early you assure yourself of receiving the bulbs you want and at the proper time for planting. In all parts of the country planting may be done about October 1 and thereafter, as long as the ground is workable. Bulbs that should be planted earlier will be shipped earlier, and will be so marked. To encourage **early orders**, we allow a discount of 10% on all orders placed and paid in full on or before June 30. If you wish, the amount of the discount may be used for obtaining additional bulbs.

GUARANTEE. We guarantee all Van Bragt bulbs to be of highest quality, true to name, and capable of producing flowers of exhibition standards. Bulbs not reaching you in good condition will be replaced. Do not return any bulbs unless we wish to have them for inspection purposes. Once planted, we cannot guarantee the growth since the bulbs are subject to weather, soil and other conditions over which we have no control.

NOTE. All varieties marked with a star ★ are scarce. Orders for these should be placed on or before June 30. We cannot guarantee delivery on these varieties for orders placed after this date.

May-Flowering TULIPS

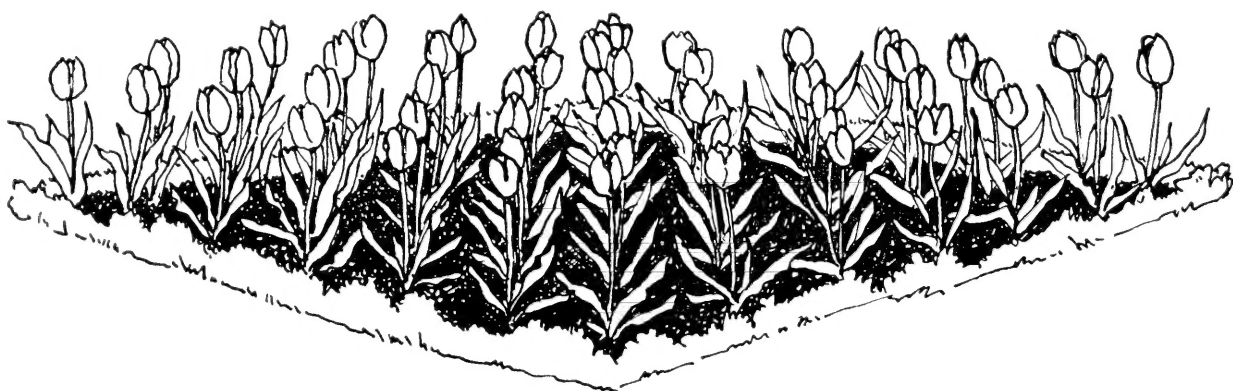

This list provides a wide choice of time-tested varieties that have been developed by inter-breeding Darwin, Cottage and Breeder Tulips. We are also listing in this group the Triumph and Mendel Tulips, identified by the heading "medium blooming." For your convenience in ordering, we have grouped the varieties according to their predominant color.

MAY-FLOWERING TULIPS

	3	12	100
FAUST. Dark purplish maroon, blue base. Large flower of perfect form. 28".....	.35	1.10	8.00
GLADSTONE. Excellent flower of purplish light blue. 27".....	.50	1.65	12.00
INSURPASSABLE. Large egg-shaped flower of orchid lavender. Very good garden variety. 28".....	.35	1.10	8.00
REV. EWBANK. An older variety, unusual since its color is difficult to duplicate. Light lilac. 26".....	.35	1.10	8.00
SCOTCH LASSIE. The purest deep lavender, much darker inside, dark blue base. 28".....	.35	1.00	7.00
THE BISHOP. A magnificent flower of clear deep violet-blue, blue base, white halo. 28".....	.35	1.10	8.00
VALENTINE. A pleasing violet-purple. 29".....	.35	1.10	8.00

Medium Blooming LAVENDER and PURPLE

★ CLIMAX. Excellent reddish violet with blue base. 22".....	.75	2.50	18.00
DEMETER. Large reddish purple. A Darwin tulip, but blooming much earlier. Very popular. 30".....	.40	1.25	9.00
DREAMING MAID. A fine new variety of violet with an almost white edge. 22".....	.40	1.25	9.00
SIRIUS. Somewhat different due to its color of garnet-purple. 23".....	.45	1.50	11.00
TELESCOPIUM. An excellent flower, soft in shade. Could be classified among the reds, but it is a reddish-violet. 25"....	.35	1.10	8.00
VIOLET LADY. A most beautiful addition in this class. It outsold itself in our 1956 display. A must. 23".....	.45	1.50	11.00

Late Blooming PINK

ANGELS' DREAM. Deep rose, paler at the edge. 28".....	.45	1.50	11.00
ARISTOCRAT. Deep rose with silvery rose edges; bluish flush. 28".....	.40	1.25	9.00
BARBARA PRATT. Light cochineal-carmine, yellow base with narrow green edge, slightly reflexing petals. 28".....	.35	1.10	8.00

MAY-FLOWERING TULIPS

	3	12	100
CHAPPAQUA. Very strong tulip of violet rose with carmine rose edge. A real gorgeous tulip. 30".....	.35	1.10	8.00
CLARA BUTT. An older variety, still not to be discarded. About the only clear pink available. 24".....	.35	1.00	7.00
CORONADO. A strong tulip of dark begonia-rose. 28".....	.40	1.25	9.00
GEN. DELA REY. Pale lilac-rose and cream colored. 27".....	.40	1.25	9.00
GEO. H. DICKS. An excellent salmon-pink. 28".....	.40	1.25	9.00
LITTLE QUEEN BESS. Shell pink on white ground. 27".....	.50	1.65	12.00
QUEEN OF BARTIGONS. A beautiful soft color of pure salmon-pink. 28".....	.40	1.25	9.00
ROSY WINGS. This fine apricot-pink flower blooms just a couple days earlier than most pink listed. A favorite with our tulip-time visitors. 28".....	.35	1.10	8.00
SMILING QUEEN. Deep pure rose. Voted as the best pink of 1956. It definitely lives up to its name. 28".....	.40	1.25	9.00

Medium Blooming PINK

EMMY PEECK. Highly recommended as a quality tulip, colored deep lilac-rose. 23".....	.45	1.40	10.00
JOHANNA. Very attractive salmon-rose. 22".....	.35	1.10	8.00
NOVA. Large flower of lilac-rose shaded salmon. Always a splendid tulip. 22".....	.35	1.10	8.00
PINK GLOW. A gorgeous satin-rose. Very satisfactory for your garden. 22".....	.45	1.40	10.00
VIRTUOSO. A new addition of lilac-rose. Well worth a try. 22".....	.45	1.40	10.00

Late Blooming WHITE

ALBINO. Graceful pure white. Excellent for design planting. 26".....	.35	1.10	8.00
BLANCA. White with an ivory tint. 28".....	.45	1.40	10.00
CARRARA. Large, cup-shaped pure white. Excellent garden variety. 27".....	.35	1.10	8.00
★ FIELD MARSHALL. A new creamy-white of impressive beauty. Large, well-formed bloom. 28".....	.55	1.75	13.00
GLACIER. Oval-shaped pure white of great substance. 28"....	.45	1.40	10.00
HELEN EAKIN. Pure white with black anthers. 28".....	.45	1.40	10.00
IVORY GLORY. Beautiful ivory white, large flower. 29".....	.45	1.50	11.00
MRS. GRULLEMANS. Lovely pure white, flowers of great substance, pure white center, stiff stem. 28".....	.40	1.25	9.00
NIPHETOS. Glorious creamy white, reflexing petals, strong texture, great lasting quality. 28".....	.35	1.10	8.00
WHITE CITY. Excellent white, large flower, sturdy stem. 29".....	.40	1.25	9.00
WM. BARENDZ. Most pure creamy white, lasting quality, good size flower. 28".....	.40	1.25	9.00

MAY-FLOWERING TULIPS

Medium Blooming **WHITE**

		3	12	100
★ BLIZZARD. Extra large new white, pure in color. 22".....	.60	2.05	15.00	
MT. HOOD. Large pure white, excellent quality. 22".....	.45	1.40	10.00	
SHACKLETON. Pure white of strong stem. 22".....	.35	1.10	8.00	

Late Blooming **ORANGE**

DILLENBURG. A salmon orange with showy well-formed flowers. 26".....	.35	1.00	7.00	
GRENADIER. Fragrant dazzling vermilion orange, short stem but good size flower. 21".....	.35	1.10	8.00	
JAN VAN GALEN. Excellent deep orange-red on sturdy stem. 28".....	.45	1.40	10.00	
OLSON'S FAVORITE. Pure orange with yellow base and black border. 28".....	.40	1.25	9.00	
★ ORANGE SUN. A very new pure light orange of great substance and lasting quality. 26".....	1.20	4.00	—	
SIMON BOLIVAR. Tall orange, sturdy stem. 30".....	.40	1.25	9.00	
SONATE. Orange-red, flushed terra cotta with narrow orange-yellow edge, olive base. 29".....	.45	1.40	10.00	

Medium Blooming **ORANGE**

ADVANCE. Early blooming Darwin. Orange-red with an appealing flush of roseate orange. Glittering black center. 30".....	.35	1.10	8.00	
BRUNO WALTER. Orange with medium size flower. 23".....	.40	1.25	9.00	
ORANGE WONDER. Pure sparkling orange, illuminated lighter edge, lasting quality. 22".....	.45	1.40	10.00	
ORANJEBURGT. Orange-red. 22".....	.45	1.40	10.00	

Late Blooming **BRONZE**

ARABIER. A unique specimen due to its fragrance. Mahogany-brown. 28".....	.45	1.50	11.00	
CHERBOURG. Fine egg-shaped tulip of old gold, shaded light bronze. 30".....	.45	1.50	11.00

Parrot Tulips

The artistically and quaintly shaped flowers of the Parrot Tulips have lacinated or serrated, slashed petals. The flowers are large and very showy. We are listing what we believe to be the best and latest varieties.

	3	12	100
ADVENTURE. Huge orange-scarlet. Blooms rather early. 26".....	.55	1.75	13.00
BLACK PARROT. Brilliant velvet maroon-black. Rather small flower. 26".....	.35	1.10	8.00
BLUE PARROT. Fairly large flower of bright violet and mauve, tinted bronze outside. Strong flower. 26".....	.35	1.10	8.00
DISCOVERY. Violet-pink, silvery-white margin. Popular. 26".....	.35	1.10	8.00
DOORMAN. Beautiful cherry-red, margin of golden yellow. 24".....	.40	1.25	9.00
FANTASY. Beautiful salmon-pink, much darker inside. Green parrot color on outside of petals. 23".....	.35	1.10	8.00
FARADAY. Soft rose to white with green edging. Often called the "White Parrot." 23".....	.45	1.40	10.00
FIREBIRD. Deep coral-red sport of Parrot Fantasy. 23".....	.40	1.25	9.00
GADELAN. Large flower of violet and mauve, inside bright violet-purple with white base. 22".....	.45	1.40	10.00
★ IVORY PARROT. An excellent show flower of cream with soft yellow glow. Very scarce. 25".....ea. 60c	1.65	5.50	—
LAETITIA. Rose, shaded dark rose in center of petals. 22".....	.55	1.75	13.00
★ MARCIA. Early blooming purple-violet. Very scarce. 14".....	.80	2.65	19.00
ORANGE FAVORITE. Bright orange, green blotches, yellow base. Sweet scented. 22".....	.35	1.10	8.00

We recommend to our customers POPULAR GARDENING, America's all-garden magazine, which is packed with garden lore and helpful hints on better gardening. An introductory subscription blank is enclosed.

Narcissus or Daffodils

There is no question of the popularity of Daffodils for spring bulb gardens. With practically no care they provide color and charm at a time when a bit of spring cheer is so welcome. We have endeavored to list only the best and time-tested varieties.

	3	12	100

PLEASE READ PAGE TWO BEFORE ORDERING

Crocus

The sight of exquisite Crocuses blooming in the melting snow is a sure sign of spring. They should by all means have a place in every garden, lawn and woodland. They are attractive in rock gardens and under shrubs and perennials that are barely showing the first signs of life in the spring.

Crocuses are of the easiest possible culture. Just plant them in the fall, about 4 inches deep, in scattered fashion. Do not mow or cut the foliage in the spring until it has completely ripened. It is not necessary to dig up the bulbs and replant them until the clumps become too crowded.

Available in three colors: White, Blue, Yellow or assorted.

12 for 60c; 100 for \$4.20

DWARF IRIS

We have Dwarf Iris available in Mixed Colors only, of yellow, purple, white and violet. Dwarf Iris bloom in May at a normal height of about 6 inches. 3 for 75c; 12 for \$2.20.

GIANT SCILLA CAMPANULATA

(Wood Hyacinth)

These bear clusters of drooping, bell-like flowers on 12 to 18-inch stems. Plant the bulbs in the fall, 4 to 5 inches deep, in full sun or part shade.

Mixed Colors of blue, pink, white and rose. 12 for 70c; 100 for \$5.00.

Scilla sibirica, Spring Beauty. Blue. Grows only 4 to 5 inches tall.

12 for 85c; 100 for \$6.50

ORNITHOGALUM

(Star of Bethlehem)

White, star-shaped flower. Plant grows about 5 inches tall.

12 for 50c; 100 for \$3.50

CHIONODOXA

(Glory-of-the-Snow)

A beautiful early spring-flowering bulb. Extremely hardy and rapid increaser. When well established, plants sow themselves freely in most gardens and soon form strong colonies. When used in broad masses, they give a good effect from early March until early April.

12 for 40c; 100 for \$3.00

FREE OFFER

With each order placed with us on or before June 30, amounting to \$5.00 net (after taking your 10 per cent discount), we will send FREE 12 assorted Crocus, same quality and size as always supplied, or 6 Allium Albopilosum, see page 19 for description. No limit to the number of free bulbs: a \$10.00 purchase entitles you to double the amount of bulbs; a \$15.00 purchase to triple the amount of bulbs, etc.

Why Don't You . . .

write to us and tell us what you think of the bulbs we send you and the service we give? If you have any suggestions for improvement, don't be afraid to speak up.

DWARF IRIS

GALANTHUS

(Single Snowdrops)

Pure white. These thrive exceptionally well under hedges, in thin woodland or along borders. These, as well as Crocus, Muscari, Scillas, Ornithogalum and Chionodoxa, should be left alone to naturalize themselves, except when they interfere with other plants or become too crowded.

12 for 70c; 100 for \$5.00

Grape Hyacinth

MUSCARI

One of the daintiest and most appealing of all the small spring bulbs. The beautiful blue color is perfect with the cream, yellow and orange tones of daffodils. The bulbs should be planted in masses and left alone year after year, to form a naturalized effect. Plant the bulbs in the fall in groups, 2 to 3 inches deep, in full sun or partial shade.

Armeniacum. Deep cobalt-blue.

12	100
\$.50	\$3.50

VAN BRAGT BROTHERS

Hardy LILIES

CANDIDUM. Madonna Lily. Snow-white, sweetly perfumed flowers. Will thrive in any light soil with plenty of light and sun. Blooms in June. 4 to 5 feet high.

	Each	3	12
Large	\$.50	\$1.40	\$5.00
Medium35	1.00	3.50

UMBELLATUM ERECTUM. Often called the Candlestick Lily. Large flowers on robust stems. Bright orange shading deeper yellow at the center. Blooms in June and July. About 2½ feet high.

	Each	3	12
Large	\$.50	\$1.40	\$5.00

REGALE. Ivory-white tinted rose outside; yellow throat. Blooms in July. 3 to 5 feet high.

	Each	3	12
Large	\$.50	\$1.40	\$5.00

Double Dutch HYACINTHS

We have offered Double Dutch Hyacinths only a few years, but in that time they have become a great favorite by our customers. It is difficult to keep up the stock to meet the demand. Therefore, please order them soon. By the month of August, we are usually sold out. Available in three colors: Rose, White, Blue. 3 for 85c; 12 for \$2.75; 100 for \$20.00

ALLIUM

A new addition to our miscellaneous bulbs, well worth a try. After tulips conclude, there is a brief period when few bulbs bloom. In early June the astonishing Allium opens its myriads of star-shaped flowers, massed in globular heads measuring eight to twelve inches across on top of stalks one to two feet tall. A group of six, spaced twelve inches apart never fails to command attention and interest.

ALLIUM OSTROWSKIANA, deep carmine rose. 12" tall.

12 for 70c; 100 for \$5.00

ALLIUM ALBOPILOSUM, silvery lilac. 24" tall.

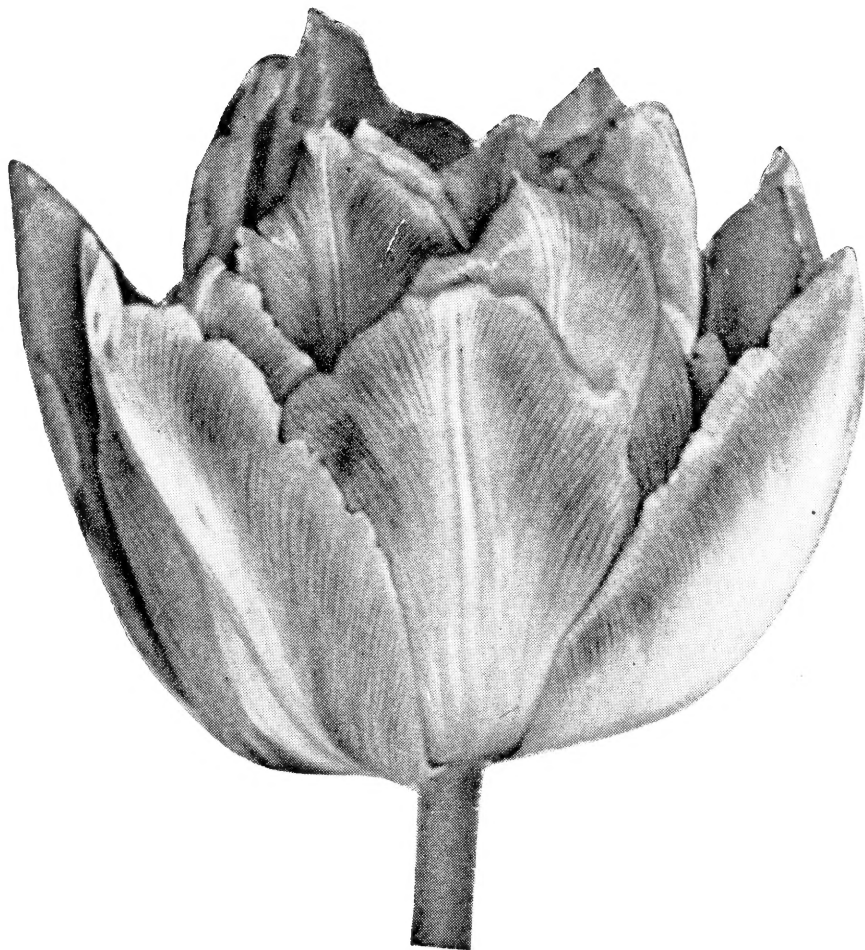

3 for 40c; 12 for \$1.40; 100 for \$10.00

Species or Botanical Tulips

These Tulips, more than any other class, enjoy semi-shade. Once established, they require little care and will be a never-ending source of pleasure. During 1956 we listed a much larger variety of these, the so-called rock-garden Tulips. This larger listing was very much appreciated by our customers, since many orders were received. We, therefore, are again listing them. Read NOTE below before ordering.

Planting Instructions

TULIPS

Any ordinary garden soil is suitable for Tulips, provided it is in good condition and well drained. If the soil is heavy, mix sand with it or plant the bulbs in a layer of sand. If the soil needs enriching, use **WELL-ROTTED** or dehydrated cattle manure or any good garden fertilizer, being careful to follow instructions on the fertilizer container. Work the fertilizer through the soil, or place it about 2 inches or more below the planting depth.

Plant from October 1 until the ground is frozen and no longer workable. We will ship your bulbs in plenty of time for planting. In southern United States the planting time extends into December and January. We suggest that you refrigerate the bulbs in areas where freezing temperatures are not experienced. Four to eight weeks before planting, place the bulbs in your refrigerator. This allows the bulb to form a good root system soon after planting, which is essential to produce a sturdy plant.

When the ground is frozen solid—not before—cover with a thin layer of straw or hay. In the spring keep the soil loose and clean. After blooming, remove the seed pods. Allow the foliage and stem to turn brown before you lift the bulbs. Dry the bulbs indoors. When dry, store in a cool, dry place, making sure that no sand remains. Prevent molding by storing them in thin layers in open crates, or onion and orange sacks, or discarded nylon hose. Remove roots and loose hulls before planting again in the fall.

Botanical Tulips may be left in the ground for years if they appear to have found conditions to their liking.

HYACINTHS

Plant Hyacinths as soon as possible after receiving the bulbs, preferably in a light sandy soil, about 4 to 5 inches deep from top of bulb, and 5 to 7 inches apart. In heavy clay, we recommend loosening soil with sand or sandy mixtures. Hyacinths require a slightly heavier protection during the winter; otherwise their culture is like tulips. Drainage, as with tulips, is most necessary.

MINIATURE BULBS

Bulbs such as Chinodoxa, Scilla, Muscari, Crocus, etc., should be planted 2 to 4 inches deep, and may be left undisturbed indefinitely. For this reason they can be planted almost anywhere, such as in rock gardens, borders, between shrubbery, in wooded sections, etc. They require little or no attention.

In many cases Crocuses are planted in lawns. For best results, the lawn should not be cut until about three or four weeks after the flowers have faded.

NARCISSUS OR DAFFODILS

Narcissus do well in almost any soil but prefer a deep loam. Do not use any manure or strong fertilizers. They will grow equally well in full sun or shade and should be planted 5 to 6 inches deep and about 6 inches apart. They can be left undisturbed for three to four years. If you wish to transplant them, do not store, but divide and replant at once while they are still moist. If you must store them, keep in a cool, airy place. Hot, dry temperatures cause a disease called basal rot, which destroys them very quickly.

A WORD OF CAUTION

Do not grow Tulips bulbs year after year in the same place. Sooner or later they may be attacked by a fungus called fire blight, which attacks both foliage and flowers. Change either the soil or the location; in other words, follow the principle of crop rotation.

Do not let seed pods remain on the stems after flowers have faded; these weaken the bulbs.

Dutch Hyacinths

Early in the spring, as the snow begins to disappear, Hyacinths will brighten your garden with an abundance of color and delicious fragrance. They are extremely attractive in any garden, either in beds and borders by themselves or combined with other spring bulbs. Available in these colors: **White, Pink, Red, Sky-Blue, Dark Blue, Yellow, Orange, Lilac.** (See page 19 for double Hyacinths.)

Exhibition size, 3 for 75c; 12 for \$2.45; 100 for \$17.00

Garden size, 3 for 60c; 12 for \$2.00; 100 for \$14.00
